

Certificate of Compliance & Origin

S-Square Tube Products, Inc., a Colorado manufacturer, certifies that our square sign supports and anchors are manufactured from materials produced in the United States of America.

All material and products are manufactured in accordance with the stated specifications.

We also certify that they meet the criteria for NCHRP 350 as required by the Federal Highway Administration.

It is our opinion that our products meet the specifications of the state DOT and are suitable for installation on the state and federal roadways.

All material and products are shipped in conformance with requirements of the order.

Sincerely,

A handwritten signature in black ink that reads "Lori Beedon".

Lori Beedon
President
S-Square Tube Products, Inc.
