

Zilla® Helical Pier

Overview

Patent Pending

The Zilla® Helical Pier System is the fastest and easiest way to attach a PV or Solar Thermal system to the ground to date.

Zilla® Helical Piers can be set in less than one minute each and are immediately ready for quick three-axis leveling with the Helical Pier Adapter.

Zilla® Helical Piers work best when used in non-rocky soil types and will not auger into bedrock or soil with large rocks.
